

FIVE WAYS TO VOLUNTEER

2 event volunteer

“Having been a sponsor for a number of years, I have loved the growing relationship with Joyshree through letters, photos, drawings and encouragement. I also had the privilege of witnessing Compassion at work first-hand at a project in India where I was able to see the massive impact that sponsoring truly has. An impact not only on the child, but how sponsorship also empowers, benefits and blesses the family and wider community too.”
