FASTER COMMUNICATION IS HERE

For the first time ever, your letters could take weeks rather than months!

You'll receive an advance copy of your child letter by email in as little as three weeks of them writing it. This will be followed later by the paper letter which will arrive in the post. When you write back, we'll scan your letters and print them in the country where your sponsored child lives. This means your sponsored child also receives your letters faster, helping you develop a deeper, more personal relationship.

INCREASED CHOICE

You can now send messages and photos to your sponsored child while on the move.

Visit your myCompassion account to discover brand new ways to personalise your messages to your sponsored child. New cards make it quick and easy to send your latest photographs. Celebrate and encourage your sponsored child with an exciting range of greeting cards for different occasions. Go to www.compassionuk.org/write.

If you'd prefer to only receive letters by email, you can update your letter preference through your myCompassion account. Once you've logged in, click on account details for more information.

NEW JOURNEY FOR YOUR LETTERS

Thanks to your feedback, we've been busy putting systems in place to speed up how letters are sent and delivered – here's how your letter journey will now look.

YOUR CHILD'S LETTER TO YOU

Your sponsored child writes their letter and they are delivered to the Compassion country office.

The country office scans a copy of your child's letter, producing a high quality image.

Local translators in that country translate their letter online.

You later receive the paper letter.

You receive an email letting you know you have a new letter which you can read online.

YOUR LETTER TO YOUR SPONSORED CHILD

You write your letter via myCompassion or by hand.

A paper gift or handmade card/picture is labelled, packaged and sent by post to the Compassion country office.

Compassion UK receives your letter and scans it to produce a high quality image. Your letter is sent digitally to the country where your sponsored child lives.

Your letter is hand delivered to your sponsored child.

The Compassion country office receives the scan and prints out a colour copy of your letter.

Local translators in that country translate your letter online.

TOGETHER WE'RE BUILDING A BRIGHTER FUTURE

We're standing in faith to see extreme poverty eradicated in our lifetime. Our new communication systems will allow us to increase the number of children we support to as many as 10 million. Thank you for the incredible part you play in working toward this.
